**Declaration of conformity to REACH Regulation (EC 1907/2006), SVHC candidate list of 10.06.2022 Declaration of conformity to RoHS Directive (2011/65/EU, Annex IV 2014/16/EU and Annex II 2015/863/EU)**

Dear all,

as a manufacturer of metallic products, we are a downstream user (producer of products) according to REACH Regulation. According to information from our suppliers, the materials we use do not contain any substances from the SVHC candidate list (ECHA 224 substances) or the maximum permissible limit values are observed. It is agreed with our suppliers that only REACH and RoHS compliant products are delivered to us. If the conformity is not observed, our suppliers are obliged to inform us of this immediately.

As soon as we find out that our products are in accordance with Art. 33, we shall inform them without request. We confirm that our standard products conform to the RoHS directive and are produced according to the applicable requirements. Please understand that we cannot fill out any special questionnaires due to the rapidly increasing number of inquiries. However, we hope that this letter contains the information you requested and thank you for your confidence and the good cooperation.

Best regards

i.V. André Pfau
