#### **Production site**

Gebr. Ostendorf Kunststoffe GmbH, 49377 Vechta, Germany.

#### Control

The manufacturer's continuing internal control is combined with surveillance inspections conducted by an accredited Inspection Body.

Inspection Body: MPA Darmstadt Inspection agreement: K1706-I/04.2019

Factory production control shall be carried out in accordance with the instructions for control, dated 04.2019.

During inspection at the construction site, the building proprietor must verify the identity of the product by means of the marking. Furthermore, the building proprietor must ensure that the correct products are delivered and that they are installed in accordance with the manufacturer's instructions in the accompanying documents. It must also be verified that the product is accompanied by a manufacturer's declaration that certifies that production has been carried out in accordance with the documents that formed the basis for this type approval.

The validity of the Swedish Type Approval also implies that the factory production control is carried out according to current instructions for control and that the holder annually fulfils the requirement in "Boverket's regulations and general recommendations for type approval", BFS 2013:6, § 5 (TYP 7), on continuing internal control. The holder shall annually, at the latest on the 15<sup>th</sup> of December, report to Kiwa Certification at the e-mail address <u>se.annualreporting@kiwa.com</u> about continuing surveillance.

#### **Associated documents**

"Installation Instructions Skolan Safe", dated 2021-02-23.

### The assessment basis for the approval

Assessment report as well as documentation basis in project Dno. 568/14. Inspection reports no. I-K 20 0376.103 and no. I-K 20 0376.104, issued by MPA Darmstadt.

#### Comments

The Type approval is valid provided that the product shall neither be CE marked according to the Construction Product Regulation (EU) No 305/2011 (CPR), nor has it been suspended or withdrawn by Kiwa Sverige AB.
