

REACH Regulation (EC) 1907/2006

Dear Valued Customer,

We are convinced that you are aware of the directive EU No. 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) that came into effect on 1st June 2007.

Soudal has taken all necessary measures with reference to REACH. As Soudal uses a lot of chemical substances as downstream user in its production processes, we have indeed thoroughly taken this regulation to heart.

We have approached our suppliers to ascertain that they fulfil their obligations with reference to REACH. We can confirm that all materials used in our formulations comply with REACH related requirements.

Best regards,

ir. Kim Suetens

Regulatory Affairs Manager
